EXECUTIVE SUMMARY

Product Designer and UI/UX enthusiast pursuing a Bachelor's degree in Computer Science. I enjoy designing digital experiences that are simple, intuitive, and centered around user needs. Through academic and personal projects, I have gained hands-on experience in user research, wireframing, prototyping, information architecture, and high-fidelity interface design using Figma. I am eager to contribute to a collaborative design team, learn from real-world projects, and create products that improve the user experience.

SKILLS

User Interface Design | User Experience Design | Wireframing & User Flows | Visual Hierarchy | Layout & Spacing | Interaction Design

TOOLS

Figma | Blender | Canva | Autodesk Fusion 360

PROJECTS

FrameHouse – Studio Booking Platform

UI/UX Designer | Product Designer

May 2026

Designed a studio booking platform that helps creators discover, compare, and book professional studios with ease. Researched user needs, mapped user journeys, created wireframes and interactive prototypes, and designed responsive high-fidelity interfaces in Figma. Focused on simplifying the booking process, improving navigation, and creating a smooth experience across authentication, payments, dashboards, and booking workflows.

TerraWild – Visitor Experience App

Product Designer | UI/UX Designer

May 2026

Designed a mobile application to improve the visitor experience in wildlife parks by making navigation, exhibit discovery, and trip planning more convenient. Conducted user research to understand visitor needs, created user personas, user flows, and wireframes, and designed high-fidelity interfaces in Figma. Focused on intuitive navigation, accessibility, and a seamless user experience throughout the app.

BuildTrack – Game Development Tracking Platform

Product Designer | UI/UX Designer

March 2026

Designed a web application for indie game developers to organize game features, manage development progress, and collect playtesting feedback. Conducted user research to understand common workflow challenges, created user flows and wireframes, and designed responsive high-fidelity interfaces in Figma that simplified project tracking and improved usability.

EDUCATION

B.E. Computer Science and Engineering (2023 – 2027)

Kumaraguru College of Technology | CGPA: 7.4

Diploma in Computer Science and Engineering (2021 – 2023)

Thiagarajar Polytechnic College | Percentage: 97.6

CERTIFICATIONS

- Digital Skills: User Experience - Accenture / FutureLearn (2026)
- Learn Figma: UI/UX Design Masterclass From Beginner to Pro - Udemy (2026)
- Figma Essential For User Interface and User Experience - Udemy (2026)
